

SUFFS PRAISE NEW JAIL HEAD

Says That Occoquan Treatment Is Better Under Tweedale.

In a complete reversal of their previous stand regarding the situation at the Occoquan workhouse, suffragette leaders at the Cameron House yesterday had only words of praise for the new management of the institution.

"A general improvement in conditions has been noticed at Occoquan since Mr. Tweedale has taken over the supervision of the District workhouse," declared Miss Beulah Amidon.

"While it was always clean and sanitary there, a general improvement of the pickets can now be noticed. Better accommodations in every way have been provided for the prisoners."

Miss Nina Samaradin, who was freed from Occoquan yesterday five days before the expiration of her term, on account of good behavior, verified the statements of Miss Amidon.

"When the so-called riot occurred at Occoquan," said Miss Amidon, "Miss Samaradin was in a locked room in the hospital. It was impossible for her to be present at the disturbance. For this she obtained a cut of five days on her sentence for 'good behavior.'"

Plans for a "welcome back" dinner to the other four suffragettes who were the companions of Miss Samaradin, and who participated in the riot, are being formulated by the suffragists. The dinner will be held Saturday.

25 NEW STUDENTS IN DENTAL COLLEGE

G. W. U. Enrollment Gratifying Under War Conditions.

Twenty-five new students, representing twelve States, have registered in the George Washington University Dental College, according to an announcement by the dean of the college. This number is regarded as extremely gratifying in view of war conditions.

The dental college has lost the following students because of the draft: C. E. Kelly, J. P. Kelly, and Messrs. Boston, Brown, Gorton, Marrs, Lansdale, Shae, Dutton, and Popkin. Many other students will be compelled to join the colors in the event of a second draft.

Dr. F. Yeakum and Lansdale have passed entrance examinations for the army reserve and are awaiting orders. Dr. James I. Root has passed the navy dental board's examination and now is serving as a dental surgeon.

Upper classmen of the dental college will meet within a week or two to elect officers.

Pullman Takes Hand In Safety First Move

President William F. Peabody, Vice President L. D. Walter, Secretary J. Clinton Hilt, officers of the Washington Safety First Association, and Chairman A. E. Shoemaker and Vice Chairman A. J. Driscoll, of the traffic laws committee of that association, held an hour's conference with Maj. Raymond W. Pullman, superintendent of Metropolitan Police, yesterday afternoon, in reference to the campaign to be begun in the District for the lessening of accidents upon the streets. Maj. Pullman will attend the safety first meeting to be held this evening at the Public Library.

More Tea

can be secured from a pound of fresh **"SALADA"**

than from a pound and a half of ordinary tea. The rich flavory infusion, yielded by the young leaves and shoots that blend to form SALADA, makes it most economical as well as supremely satisfying.

Credit Enables You to Buy Desirable Furniture

People who make no use of their personal credit are generally depriving themselves of a mighty lot of home comfort.

Comfortable furnishings for your sleeping rooms will protect your health and double your efficiency during your waking hours. You can afford them if you come to us.

We are more considerate than any other house in America in arranging small weekly or monthly payments to suit your individual circumstances, and we do not charge an extra penny above our regular low prices for the credit privileges.

Had Model Husband Till Baby Was Born; Now Wants Divorce

The birth of a child in the home of John P. and Mary C. Burns worked just the opposite of what it is generally supposed to work, according to the petition for limited divorce filed in the District Supreme Court by Mrs. Burns. In her petition filed through Attorneys Carrington and Trull, Mrs. Burns states that Mr. Burns, before their baby was born, was a model husband, but after that he became cruel, nagging and fussy and acquired an ungovernable temper.

On October 1, she avers, her husband came home under the influence of liquor and threw a glass of water in her face and otherwise abused her so that a heart-attack came on.

Frequent threats to kill her are told about by Mrs. Burns in her petition. The husband is employed as a helper in the navy yard, she states, at a salary of \$30 a week and she asks the court to compel him to pay her alimony pending the settlement of the suit.

TRADE BOARD'S WAR COMMITTEE MEETS

Organization to Look After Welfare of Members in Service.

The Special Committee on Military and Naval Affairs, of the Board of Trade, which was recently appointed by President Brandeburg, held its meeting yesterday, in the Board's rooms, Star Building. Colonel Richard P. Sims, chairman, presided.

L. N. Gillis was elected secretary of the committee, and William W. Everett was named as chairman of the sub-committee to report on the call to arms, will be communicated with and each member will be asked to correspond with the committee from time to time so that his whereabouts may be known.

The meeting of the entire organization probably will be held in Central High School, October 13. This meeting will be in honor of the members of the Board who have joined the colors and many prominent speakers have been invited. The public order committee is to meet tomorrow afternoon at 4:15 o'clock. Col. Sims is chairman of this committee.

NEW MACHINIST CAMP LOCATED IN CITY

According to Capt. H. E. Keblorn, the engineer officer in active charge of construction of the huge training camp for Quartermaster Corps machinists units on the Patterson tract, Florida avenue and Fifth street northeast, the first of the three identical units which are to compose the camp as a whole probably will be completed by October 15.

The most unique feature of this camp exists in the fact that it is located within the city limits of Washington, only a few squares from the Union Station. No other American city is thus distinguished, so far as can be learned. By this process nearly 4,000 men will be accommodated in a camp having a facing on an asphalt street, with electric car lines in close proximity, policemen patrolling their beats, postal service and in short, all the comforts of home. Work was begun on the camp September 25 and it is expected that the three units will be completed early in November.

WOMEN BOOST LOAN IN U. S. DEPARTMENTS

Monday Meetings to Feature Drive Among Female Workers.

Mrs. William G. McAdoo, chairman of the Women's Liberty Loan Committee, will start the drive for the Second Liberty Loan to be made by the women of the District of Columbia in conjunction with the Women's Liberty Loan Committee in the government departments. Regular noon-hour meetings will be held in the various departments, beginning today. At 12:30 this afternoon the auditorium of the new interior Department at Eighteenth and F streets will be the scene of the first of these gatherings.

The women of the Interior, the State, War, Navy, Labor and Commerce will all be given an extra fifteen minutes at the luncheon hour in order to attend. The principal speakers will be Mrs. McAdoo and Mrs. Antoinette Funk, vice chairman of the Women's Liberty Loan Committee.

Tomorrow a similar meeting will be held at the Bureau of Engraving and Printing, exclusively for the women of that bureau. Director Ralph has invited the speakers and the members of the Women's Departmental Committee to attend luncheon in the co-operative lunch room operated by the employees of the bureau.

On Friday the meeting will be held in the auditorium of the National Museum and will be attended by women

from the Department of Agriculture and the Postoffice Department.

This drive is being done by the District Committee on Departments, of which Mrs. Karl F. Kellerman is chairman. This committee is thoroughly organized and has been engaged in perfecting its plans for the past week.

Giant Weds Dwarf, At Romance at Denver

Denver, Colo., Oct. 8.—The "long and short of it" aptly describes the marriage here of Carl Sandell, 7 feet 4 inches tall, to Miss Johana Nash, 4 feet 7 inches in height. The groom is a giant, weighing 290 pounds, while the dwarf bride moves the scale lever at about 85 pounds.

Sandell is a native of Colorado and has been a familiar sight in Denver's downtown business district for years. Miss Nash came here from Baltimore about three years ago.

"I guess the difference in height won't matter much," they both agreed.

English Bull Opens Dachshund Offensive

Portland, Ore., Oct. 8.—"He may be only a dachshund and hyphenated as well, but they gotta quit kicking my dog around."

This is the plaint of Mrs. H. Kersting to the police. She says an English bulldog—decidedly anti-Hun—makes a perpetual visit to the Kaiser's subject in her back yard and administers a pro-ally chewing to her pet.

MANY NAMED TO GET JOB LEFT BY RALPH

F. E. Ferguson Considered Logical Choice to Head Engraving Bureau.

Although the post of Director of the Bureau of Engraving and Printing is a civil service position, it is understood that a successor to Joseph E. Ralph, who recently resigned, will be appointed by President Wilson on an executive order nullifying the civil service rules.

Many men are being put forward for the position, of whom Frank E. Ferguson, assistant director, is apparently the most favored. Mr. Ferguson will run the bureau during the time between Mr. Ralph's resignation and the appointment of a permanent successor.

Others mentioned include John B. Colpoys, mediator with the Department of Labor; P. J. Ryan, editor of the Plate Printer, official organ of the plate printers' local union, and a man well known to practically every employee of the bureau; John J. Devine, president of the local union, and Clarence Young, an engraver at the bureau.

Mr. Ferguson, whom many seem to consider will be the President's choice, is proposed for the place as the man best qualified to hold it through his familiarity with the work.

Over 3,000 Breton (France) women earn their living as sailors.

Escaped Convicts Are Still at Large

At an early hour this morning neither central office detectives or local policemen had any trace of the two convicts that escaped from the District reformatory at Lorton, Va., last Sunday.

One of the men, Edward J. McDonald, was serving a life sentence at the jail on the charge of murder. The other, Mansell F. Mills, was under a three-year sentence for embezzling mail packages in the registry division of the city post office.

McDonald was sent to the jail in 1911 and Mills was sentenced in 1915.

CAPITAL TO BE HOME OF MAXINE ELLIOTT

After an absence of several years, during which period she has devoted a great deal of attention to war relief work in Flanders, Maxine Elliott, the noted actress, is to become a temporary resident of this city, and in all probability will remain here a portion of the coming winter.

She has planned to make her home while in Washington with Dr. and Mrs. Thibault L. Chadbourne, who have taken a house here to permit Mr. Chadbourne to carry on Red Cross work. He is a wealthy New Yorker, appointed recently by the President to co-operate with various relief agencies through the American Red Cross.

ENROLL 700 PUPILS IN G. U. LAW SCHOOL

University Branch Starts Year with Bright Prospects.

Initial enrollment of students in the law department of Georgetown University was completed yesterday, according to announcement by Hugh J. Fegan, secretary of the school. Seven hundred students have enrolled for work for the winter term.

Dr. Hannis Taylor, lecturer on international law and United States relations, will begin a special series of lectures this week. The subject to be discussed will be the history of constitutional government. Prof. Joseph Sherman, formerly of the Yale Law School will begin a series of lectures on a new legal subject, to be known as relations, this week.

Dr. Henry R. Bottell, formerly minister to Switzerland, and lecturer on constitutional law, has begun his winter course. It will include the subject of constitutional amendments.

War Library Fund Not Yet at Half-Way Mark

The contributions to the local war service library fund reported yesterday include the following: Irving O. Ball, \$10; Benjamin W. Guy, \$5; Anna M. Kingan, \$5; Miss Julia C. Lathrop, \$5; Church of the Epiphany (through Dr. R. H. McKim), \$22.50.

Rev. Dr. McKim, \$10; Mrs. R. H. McKim, \$5.

The cash receipts of the local fund to date are \$2,112.50. There are outstanding unpaid pledges totaling \$1,500 so that the total fund paid for or pledged is \$3,612.50. This is less than half of the District's quota of \$20,000.

Ten non-Christian Korean boys won copies of the New Testament in their own language by copying down in note books, word by word, the Gospel of Mark.

WOMEN ON BATTLEFIELD

We hear much these days of what the women are doing on the battlefield. How few American women are strong enough to go to the front and endure the hardships of the men!

Help is offered, and is freely given to every nervous, delicate woman, by Dr. Pierce's Favorite Prescription. Remember ingredients on label. Its tablet or liquid form. No alcohol.

In "female complaint," irregularity, or weakness, and in every exhausted condition of the female system, the "Prescription" seldom fails to benefit or cure. Bearing-down pains, internal inflammation and ulceration, weak back, and kindred ailments are cured by it, ask your neighbor. It's a marvelous remedy for nervous and general debility, insomnia, or inability to sleep.

Write Dr. Pierce, President of the Invalids' Hotel, Buffalo, N. Y., for confidential advice and you will receive the medical attention of a specialist, wholly without fee—no charge whatever. Send for trial pkg. "Favorite Prescription Tablets."—Adv.
